---

**What arts and cultural activities have you and your family members attended, participated in, or supported in the past year?**

\* Theatre, Music, Film/Media

**Considering your own personal background and education, what arts or cultural classes, programs or activities did you participate in?**

\* Digital Arts/Design

**What role do you believe Wyoming and/or local government should play in supporting arts, culture and the humanities to enhance economic and community development?**

\* At this time, I think arts are a want and not a need. While I completely understand the necessity of arts when we have the money, I don't see legislatively keeping anything that could be put to keeping jobs or lives.

**What role do you believe Wyoming and/or local government should play in supporting arts and culture to provide a comprehensive education for Wyoming K-12 students?**

\* (This is a much larger question than I have time for right now, but I fully support art in the education system.

**What role do you believe Wyoming and/or local government should play in supporting arts and culture, diversifying the local economy, and enhancing quality of life?**

\* Please see previous response
